FireBall FP-1 Music Manager
With Universal Dock for iPod
the ONE that frees your iPod music

The FP-1 provides all of the great on-screen music management features you expect from a FireBall for your iPod. It's a complete FireBall Music Manager with all of the custom install features you need to provide seamless integration of iPod music into any home audio system. The FP-1 can also stream music from any FireBall music server or PC/Mac with or without a docked iPod. The FP-1 even allows other FireBalls to access and play music stored on the iPod including music purchased from the iTunes Music Store.

browse & play music from your PC/Mac using FireBall-PC software
